

**PROTOCOL FOR ODOUR DESTRUCTION
PRODUCT : HYGIASEPTYL® DMO (HD 140)
(See technical and safety data sheets)**

L'Hygiène Active !

Odour destruction has to take place imperatively after conventional cleaning of volumes to be treated.
Switch the diffuseur on before leaving the room (diffusion without human presence).
Wear a mask and eye protection when spraying with the flexible (Easysept, Technisept). See safety data sheet.

Places (Exemples)	Volume (exemples)	Preventive treatment	Diffusion time	Comments : diffusion time is only indicative and depends on the configuration of places (ex : presence or not of a air-conditioning system)
